

## REMARKS

By the present amendment, applicant is amending claims 1 and 25 along the lines agreed to on 9/6/05 with Examiner Miggins.

In the Examiner's Amendment dated 9/5/05 the Examiner had erroneously deleted claim 25 and referred to a telephone interview with the undersigned attorney on 9/6/05.

However in the telephone interview on 9/6/05 agreement was reached to amend claim 25 into general conformity with claim 1 by adding the phrase with the nano-tubes or ceramic fibers oriented primarily along the axis of the balloon or tangentially in the wall of the tube to claim 25. In other words, there was NO agreement to cancel claim 25. Rather there WAS agreement to amend claim 25

So by this amendment, applicant is amending the claims as actually agreed upon between Examiner Miggins and the undersigned attorney.

Respectfully submitted,

October 6, 2005
